

The Village Board approved a temporary modification to our parking ordinance. Starting August 14th, you will no longer have to call the police in order to park a car on the street. Overnight parking from 2 am to 6 am is still prohibited so, as before, if you wish to park your car on the street overnight you will have to call the police.

Without special permission, no parking will be allowed at any time on major roads including Long Grove, South Krueger, and East and West Cuba Roads. Parking in a cul de sac, is not permitted at any time.

Many residents have requested a change to our parking ordinance and this temporary modification will last until May 14th, 2010. During the trial program please continue to drive carefully and be alert for children and pedestrians. If you do park outside of your driveway, stay far enough from curves and other cars so that emergency vehicles can pass without difficulty, and avoid parking on the street in winter when snowplows may be present.
